2015 School Readiness Summit

June 11-13 • 8:00am-4:00pm

On site registration begins at 7:00am

This 3 day professional development opportunity targets professionals working within settings that support the early part of the educational continuum. Key features of the Summit include the recently completed Arizona's School Readiness Framework document and the opportunity to engage with other educational professionals around Arizona to establish a common definition of school readiness across the state.

There will be a heavy focus on children's Approaches to Learning in regards to the Pre-K through kindergarten experience. Sessions will be centered on:

- **Effective Instructional Strategies**
- **Analyzing key components of the learning standards**
- **Engaging participants in hands-on experiences**
- **Understanding the educator's role in the inquiry process**
- **Discussing the continuum of early learning**
- **Identifying educator roles in helping children become school ready and achieve academically**
